

JACOB MEERA MEMORIAL HIGH SCHOOL

Middle School

The Secondary School comprises grades V through to VII. It marks the beginning of an interdisciplinary approach and focuses on exploration and journal-based learning. Students are provided with hands-on experience and are encouraged towards community development projects with the emphasis being independent and project-based learning.

Role of Computer Aided Learning

Our classrooms are equipped with digital Smart boards to make learning as lively as a child's imagination. Powered with a digital content library of over 16,000 modules of curriculum-mapped, multimedia-rich 3D content, our learning solutions are designed to provide the students with a unique and highly immersive experience. They ultimately enhance academic performance to higher levels.
